GENERAL INFORMATION - CORRIGENDUM

The way phone and fax numbers were displayed in the *General information* document (DBCP-XVIII/inf. 1) was unclear. Please follow the instructions below to get in touch with your correspondent:

When a phone or fax number appears as either + **596 xx xx xx**
or **0596 xx xx xx**

1. if you call from anywhere in France (including Martinique), dial: **05 96 xx xx xx**
2. if you call from abroad, dial: + **596 5 96 xx xx xx**, where "+" stands for the digit(s) you use to dial to place a foreign call (in most countries, it is "00")

As an example, to reach the Novotel Carayou from Canada, you will have to dial:

Tel: 00 596 5 96 66 04 04
Fax: 00 596 5 96 66 00 57
